### Itinerary

#### Day 1: Guilin-Dazhai Village-Xiaozhai Village-Hot Spring

It takes about 2.5 hour drive from the city to Dazhai village, where we start hiking. We will walk through the village uphill on the mountainside. A zero-distance look at those wooden and tongue-and-groove structured cottages will leave you an unforgettable memory. What's more, on the way and at the top of the mountain you will see beautiful contour-map-like terraced rice paddies. Have a rest in Xiaozhai village and we start to hike the most challenging part, going all the way uphill to the Fopingbao Peak which is the highest one in

this area. The hiking paths can be more and more confusing, but our local farmer guide will be a big help.

Stay overnight in Hot Spring Hotel.
